

# Dear Neighbors,

I am very worried about paying rent during this crisis. I know many have already been laid off, and it seems likely that many more will either lose their jobs or have their income reduced.

But regardless, all of us are together during this pandemic.

- **If you have lost income, or aren't feeling well.**
- **If you are scared about your health or making ends meet.**
- **If you are okay, but worried about your neighbors and community.**

Please text me, \_\_\_\_\_, at (\_\_\_\_) \_\_\_\_-\_\_\_\_. If you don't remember, my apartment is \_\_\_\_\_.  
I'm going to start a support group for our building and I'd like us to have a communication method to discuss next steps.

Best,

\_\_\_\_\_
